Dear Paul,

Barwic Parade Community Primary School, Two Classroom Extension and Children's Centre

At the Practical Completion meeting held at the school yesterday appreciation was stressed for the way in which you have co-operated with the school in undertaking the works. The project was a complex one and it has been completed without major incident and in advance of the intended programme date, which is to everyone's credit.

As you know, when you needed to change site managers early in the year we had a discussion regarding Carl Barrow taking on that role, it is pleasing to report that Carl's efforts in completing the project have been much appreciated by the team and the school have been complimentary about the way he has managed the project. The approach of Carl is to his credit and I am sure that you will ensure that our thanks are passed on to him. Carl will, I am sure, have a long future as a site manager on other projects judging by the manner in which he has approached this project.

General thanks to your team once again.

Yours sincerely,  
TURNER AND HOLMAN

D.C. Fotheringham
