10th April 2008

Dear Mr Birch,

I am writing on behalf of all the staff and children at Settrington to say a big thank you for our new extension. Your workforce have done a wonderful job and our new extension is a beautiful piece of workmanship. We have had several comments to that end.

I would also like to say what a splended job Shane Garwood did as a Foreman. He was extremely easy to work with, courteous, very professional and a pleasure to have on site. In fact all the contractors and workmen were pleasant, accommodating and professional and the disruption to school life was minimal.

We would all recommend William Birch to anyone without hesitation!!

Thanking you.

Yours sincerely,

Catherine Hanch
